ABSTRACT

One person is born out of his consciousness. He goes on a surreal internal journey to find out who he is. He awakens a butterfly in his heart, he sometimes shares his thoughts and observes different parts and aspects of the world. In the end of the journey full of various emotions and ups and downs, nothing but death is waiting for him. But soon he realizes that this death is the true birth and transcendence. Beautiful enchanting colors and sounds fill in his world and his true self comes out to the world. His butterfly now flies freely in his colorful sky.
