ABSTRACT

On a desolate street in a long-neglected city. The moment of silence was broken after a runaway train crashed into a derelict apartment. Numerous ladies rushed out of the train, filter through the apartment, and break into every room unscrupulously. They interrupt the men who are alone in each room, which made the men overwhelmed and losing the ability to express their thoughts. The different rooms in the apartment symbolize the different feelings of the man, and its shapes construct the profile of the man. Back to the scene of reality, the man is deeply smitten with the lady.

P.S. At the moment I saw you, it is as though a train crash into my mind that I got a deranged mind.
