1 Overview

A group of pigs are living peacefully in a monastery. One day one of them is taken out of the enclosure by a monk. He is brought to a dark room full of knives and meat, and he understands what fate awaits him: the monks are going to turn him into charcuterie. Like a hero, guided by a divine force, he manages to break free and makes a return to the enclosure to also free his friends. Thus starts a great escape throughout the monastery, will they be able to get to freedom?
